MICROTIMES

Micro Marketplace Special Advertising Section for Southern California Computer Buyers starts on page 56

TABLE OF CONTENTS

A NOTE FROM THE EDITORS

It's that time again—here's our annual list of dealers and resellers who are eagerly awaiting the opportunity to help you with your computer-related needs. Whether it's the products themselves, or service, training, and support, a business near you has what you need.

Our city-by-city listings, beginning on page 12, provide a year-round reference for dealers in your area and the specialized services they offer. Starting on page 64, we also provide an index of vendor-authorized dealers, trainers, and VARs.

And, from all of us at *MicroTimes*, best wishes for happy holidays and a fine and prosperous 1994!

Whether you're buying your company's first computer, pondering your upgrade path, or planning for a massive enterprise-wide network, finding a local source to fill your needs is often a challenge.

To help you meet this challenge, here's our annual guide, and whether it's multimedia in Manhattan Beach, Lotus in Laguna, Windows in West LA, or clones in Covina, the merchants in these listings will offer the products and services you're looking for.

In addition to city-by-city listings, we also included a special section of vendor-authorized service providers, so that if you're looking for support, training, or general expertise with a particular product, you can choose a source with confidence.

Mainframe disk performance at PC prices! Until now, the performance bottleneck in most high end PC's has been the SCSI controller. Not now - CSC's fast VESA SCSI-II non-caching controller literally outruns almost any SCSI drive, blasting data onto the VESA bus. An on-board FLASH BIOS makes it easy to upgrade your controller as new features become available. Just call our BBS and download the latest SCSI codes - lifetime updates are free. Take advantage of the latest improvements in SCSI without switching to a new controller or changing chips!

Run up to seven SCSI devices including hard drives, CD-ROM, WORM, erasable optical, DAT and tape drives from a single board! Call today for more information!

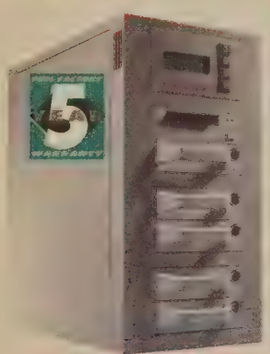
15-DAY SATISFACTION GUARANTEE

FULL FACTORY 5 YEAR WARRANTY

Dynamite DAT Drives

Store over 2000 megabytes on a DAT tape the size of a matchbook! DAT drives offer unbeatable performance and reliability. DAT tapes are super inexpensive and extremely rugged. For serious backup and data interchange, DAT is the only solution. 'Til now, the only problem has been the price! SCSI DAT drives typically cost $1500 or more! CSC has purchased a quantity of Wangtec factory refurbished DATs at unheard of prices. These drives are guaranteed to meet or beat new drive specifications and are available at a fraction of the cost of a new drive. Use our 15-day money back satisfaction guarantee to try this drive on your system. You'll be amazed at the performance and convenience DAT has to offer.

SCSI POWER TOWER



CSC is now manufacturing the ultimate SCSI enclosure. Up to 8 half height SCSI hard, CD-ROM, optical, and tape drives can be configured to your specifications.

Whether you need a network storage subsystem, just an external SCSI drive case, or a full-blown disk array, CSC has it! We'll custom build it with the drives of your choice!

CALL (408)734-DISK TODAY

Micropolis Monster

Files just keep getting bigger and bigger! How much space is free on your drive? Don't worry! Our prices on really big drives are getting lower and lower! CSC's special purchase offers you this **NEW, 1040MB** SCSI-II Micropolis 1598-15 drive for only **$795!** With a 14.5ms access time and 1040MB formatted storage space this internal drive is perfect for those huge graphic files or networks. Call and order your drive today!

External enclosures are available. Quantity discounts. The supply is limited.

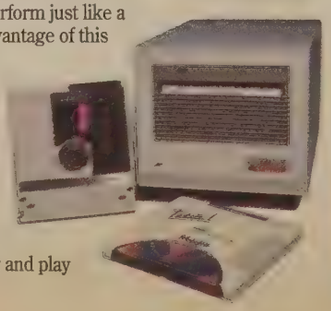
Hard Drive Bible

The essential reference manual and software for any dealer and system integrator who installs hard drives. The package includes: VHS video tape; massive listing of parameters and settings; jumper settings; controller card information; formatting answers; installation tips; Seagate's technical support software; CSC's performance test software; and more! Don't be without it!

Faster Than a Speeding Hard Drive! Up to ONE GIG, 35ms Tahiti-1 Optical Drive, Only $1295!

Resellers Are Welcome! Call For Quantity Prices

These MaxOptix drives use erasable, removable media and perform just like a fast hard drive! Take advantage of this opportunity and order a fully-refurbished drive with a full CSC warranty. Kits are available which include a Megatower enclosure, FastCache controller with 1MB cache, 1GB disk and all the cables, ready to plug and play for $1595!



We gladly accept Visa/Mastercard, COD or prepaid orders. No surcharge for credit cards.

AFFORDABLE NETWORKING.

(AND YOU THOUGHT PARTING THE RED SEA WAS A MIRACLE)

MOSESDOCK!® THE UNIVERSAL DOCKING SOLUTION FOR IBM-COMPATIBLE NOTEBOOKS.

LESS THAN $200

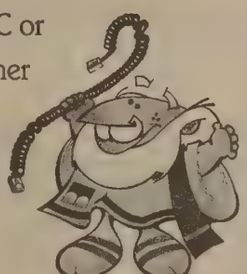
Just plug it in and a portable can share all the resources and peripherals of a desktop. And both computers remain fully operational. Share hard drives. Quickly and easily transfer files and applications without changing cables or copying floppies. Print share with one mouse click or keystroke. And more.

MOSES SWIFTLAN.®
THE FIRST TRUE, HIGH-PERFORMANCE, HIGH-SPEED, PORTABLE LINKING-NETWORK.

LESS THAN $250

Until now there *was* a way to link a notebook to a IBM PC or compatible. But all it did was transfer files.

Now with just two parallel port connections, your notebook can share all the applications, capabilities and peripherals of a PC or compatible. Share data files with another user. Back up your notebook with your desk-top's hard drive. Work on files simultaneously. Print share with one mouse click or keystroke. And more. Anytime. Anywhere.



MOSES computers

30-DAY, MONEY-BACK GUARANTEE.

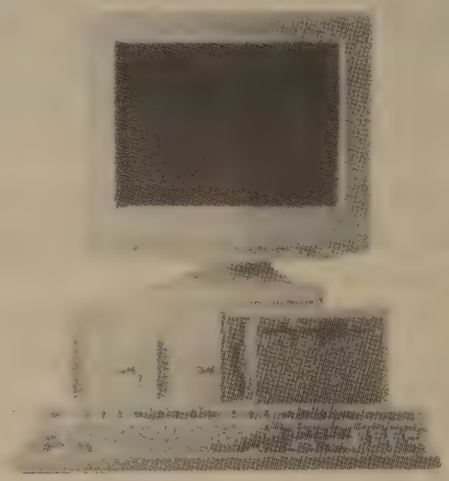
PROMISES PERFORMANCE



DELL 466/M DX2-66

$2399

POWER/486DX2-66

$1499

Take a close look at these two machines. Each has an Intel 486DX2-66 processor, Vesa Local Bus, 120 MB hard drive, 4 MB of RAM and a SVGA Color Monitor. At 66MHz, operating Windows 3.1, you might believe Dell's 486/M DX2-66 is one of the fastest 80486 computers available. Fact is, an InfoWorld benchmark test ranks the Power/486 with DCA performance from JustTheFAX number one.

You might also think Dell's system is the first to take advantage of powerful multi-tasking operating system software. And you would be wrong again. When we introduced the Power/486 a year ago with advanced Direct Cache Architecture, we designed a home for Microsoft's NT 32-Bit operating system. In fact, it delivers 3.5 times more processing muscle for Novell, Windows for Workgroups or stand alone Windows and DOS applications.

Of course Microsoft NT applications may not be available for a while, which is okay if you have a Power/486. Built into every system are 32-Bit freeways, allowing Windows programs like Corel Draw, Word for Windows, Excel, Word Perfect, Lotus 1-2-3, FoxPro, Mass90 and thousands of other applications to run like the wind.

So if you want more than promises, make a commitment to a company that has delivered power, value and performance. We could make promises about the future too, but as you can see with the Power/486 system, we'd rather deliver.

The Power/486 System comes with a two year warranty. Base systems start at $999 and include: Intel 486SX-33, 120 MB Hard Drive, 4 MB RAM, SVGA Color Monitor, Vesa Local Bus. Call for complete details.

486

VESA Local Bus

$999

NO BULL.

Thank you Southern California! Last month nearly one thousand readers responded to our offer. Of course an Intel 32-bit 486/33 system for under $1000 caused them to buy, but few knew of the real value. Our JTF System I has been rated at 45.4 MHz speed – outperforming **every** system in its class. It comes fully configured with a 14" SVGA monitor, 4 MB of RAM, a 3.5" 1.44 MB floppy, a Maxtor 131 MB hard disk and a two year **on site** replacement warranty.

With custom configurations of larger hard drives, local bus video, larger 17" SVGA monitors, local bus SCSI or local bus IDE, we out perform the market with absolutely the best technical value, support and delivery.

Our JTF System III with Intel's DX2-66 available at $1499 sizzles at a comfortable cruising speed of 114.2 MHz. Add a Microsoft CD-ROM package at $595 and you have quite a hot combination.

So call and order today. No need to shop the clubs or compromise on quality, service and performance. Now's the best time to purchase a 486 at the right price. And put the bull out to pasture.

"Our Energy Goes

Green PC's Are Here!

POWER SAVING PC

VESA GOES GREEN

ADVANTAGES:

- *Your Energy Costs Will Reduce*
- *Longer System Life Span*

The use of the sleep signal, "GREEN" power supply will reduc CPU clock, shut off the hard disk drive motor and turn off th monitor while keeping the memory intact. After depressing an key on the keyboard or movement of your mouse the "GREEN power supply wakes up and the system is operational instantly.

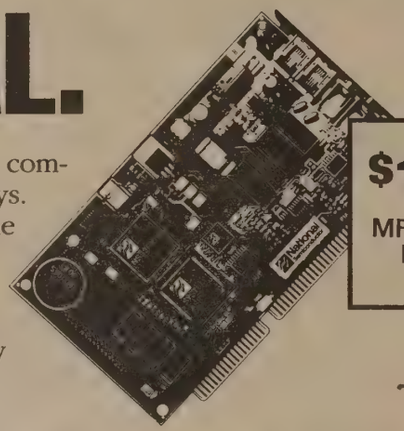
Guaranty & warranty from factory

It's a FAX. It's a MODEM. It's VOICE MAIL. It's a RECORDER. It's a DEAL.



$169 MFG. SUG. PRICE

NEVER BEFORE has a single board communicated in so many different ways. Yet, despite all its sophistication, the TyIN 2000 board is easy to install. And with its Windows user interface, it's even easier to use. With just one phone line, it automatically switches calls between fax, modem and voice mail. Plus, it's the first board to offer a built-in recorder, so now you can attach recorded messages to your documents—including the ones you plan to fax. And it even guarantees true background operation, without tying up your PC.

TyIN 2000™

If you aspire to be a Novell Certified Netware Engineer (CNE), but have trouble getting time off during the day, Control Data Systems has the program for you. Control Data is now offering CNE courses in the evening and on Saturdays too!

Our scheduled courses will be conducted in our state of the art classroom with Novell certified instructors to ensure you gain all the knowledge required to pass the certification tests. And the best part is you can take the courses in non-business hours and not upset your boss.

Night classes will be starting soon in the Los Angeles area, so call us today for a free class schedule and more information on how you can get your CNE. Seating is very limited and will be guaranteed on a first serve basis.

Netlogic is a full service system integrator with expertise in Novell, UNIX, Windows and Lantastic. The company was formed in 1984 with emphasis on service and support. This woman owned company has been in software development and system integration, designing cost effective, and reliable systems to meet the specific needs of clients and their growth requirements. We also provide complete technical support before, during, and after the sale to ensure optimum efficiency. We consider the many long term client relationships which have resulted from the quality of our service *a point of pride.* References available upon request.

MICROTIMES DIRECTORY

Computer Plus

Store manager: Kent Ko
3850 Wilshire Blvd., Ste. 104
Los Angeles, CA 90010
(213) 480-6777 Fax: (213) 480-6781
Areas of Specialty (and In-House Specialist): Novell Gold Level (Jeff Baek); SBT accounting systems (John Lee); multimedia (Ted Oh)
Operating Systems Supported: MS-DOS, Windows, Windows NT, SCO, Macintosh, OS/2, Concurrent, DOS
Top-Selling Brands in 1993: Samsung, Computer Plus, Okidata
Special Value-Added Services: Service, training, warranties, return policy, programming-specializes in accounting.

Computer Powerhouse

Store manager: Fred Dardashti
1880 Westwood Blvd.
Los Angeles, CA 90025
(310) 474-6636 Fax: (310) 474-4665
Areas of Specialty (and In-House Specialist): systems (sales staff); networking (sales staff)
Operating Systems Supported: MS-DOS, Windows, Macintosh, OS/2, Novell
Top-Selling Brands in 1993: Compaq, Apple, IBM
Special Value-Added Services: Service, training, support, warranties, return policy.

Connecting Point Computer Centers

Store manager: Jerry Hesseltine
362 S. La Brea Ave.
Los Angeles, CA 90036
(213) 857-0371 Fax: (213) 857-0076
Areas of Specialty (and In-House Specialist): networking (sales staff); multimedia (sales staff); desktop publishing (sales staff)
Operating Systems Supported: MS-DOS, Windows, Macintosh, OS/2
Top-Selling Brands in 1993: Apple, Compaq, Hewlett-Packard
Special Value-Added Services: Training, learning centers, network installation, manufacturers' warranties.

Cygma Computer

Store manager: Joe Chyun
1133 S. Vermont Ave., #13
Los Angeles, CA 90006
(213) 368-7331 Fax: (213) 368-7335
Areas of Specialty (and In-House Specialist): repairs (service); systems (Joe); networking (Joe)
Operating Systems Supported: MS-DOS, Windows, Windows NT, UNIX, Macintosh, OS/2, Zenix
Top-Selling Brands in 1993: 486DX2 Pentium ready, Panasonic

Data Micro Group

Store manager: Harry Mah
3847 Grandview Blvd.
Los Angeles, CA 90066
(310) 398-3300 Fax: (310) 391-2488
Areas of Specialty (and In-House Specialist): system design (Harry); office automation (Harry)
Operating Systems Supported: MS-DOS, Windows, Windows NT, Macintosh, OS/2
Top-Selling Brands in 1993: Macintosh, AST, IBM
Special Value-Added Services: Service, training, support, warranties.

Dav-Tech Computer Center

Store manager: Michael Simanian
6314 Hollywood Blvd.
Los Angeles, CA 90028
(213) 463-3001/(800) 447-3331 Fax: (213) 469-7255
Areas of Specialty (and In-House Specialist): Network AutoCAD (sales staff); desktop publishing (sales staff); color presentation (sales staff)
Operating Systems Supported: MS-DOS, Amiga, Windows, Windows NT, Novell, Macintosh
Top-Selling Brands in 1993: Hewlett-Packard, DavTech, Toshiba
Special Value-Added Services: We are authorized Hewlett-Packard repair center for warranty, service, training, and support.

Enterprise Computers

Store manager: Frances Snyder
6001 Bandini Blvd.
Los Angeles, CA 90040
(213) 725-3080 Fax: (213) 725-6689
Areas of Specialty: pathology; manufacturing; point of sale
Operating Systems Supported: MS-DOS, Windows, Macintosh, OS/2
Top-Selling Brands in 1993: Enterprise, Panasonic, Toshiba
Special Value-Added Services: One-year warranty on parts and labor, service, training, and support.

FAST NET Solution

Store manager: Mike Ghoreishi
11610 Olympic Blvd.
Los Angeles, CA 90064
(310) 556-FAST Fax: (310) 478-5056
Areas of Specialty (and In-House Specialist): Windows (Mike Ghoreishi); DOS (Mike Ghoreishi); Netware (Mike Ghoreishi)
Operating Systems Supported: MS-DOS, Windows, Macintosh, OS/2
Top-Selling Brands in 1993: Hewlett-Packard, Novell, Microsoft
Special Value-Added Services: We offer extended warranties on our sales and repair warranty and support for MS-DOS, Windows, Novell. We support LANtastic as well.

Goodman Music

Store manager: Jim Mona
3501 Cahuenga Blvd., W
Los Angeles, CA 90068
(213) 845-1145 Fax: (213) 845-1199
Areas of Specialty (and In-House Specialist): multimedia (Chris Kaye and Julian Cook); MIDI (David Shymatta); digital recording (Jim Mona)
Operating Systems Supported: MS-DOS, Windows, Windows NT, Macintosh, Atari
Top-Selling Brands in 1993: Apple, Atari, Yamaha
Special Value-Added Services: Apple service, Atari service.

Image Microsystems

Store manager: Tom Savola
8885 Venice Blvd., #105
Los Angeles, CA 90034
(310) 815-1000 Fax: (310) 815-9100
Areas of Specialty (and In-House Specialist): custom configuration (Tom or Peter)
Operating Systems Supported: MS-DOS, Windows, Windows NT, OS/2
Top-Selling Brands in 1993: Hewlett-Packard, Image Microsystem
Special Value-Added Services: Service, training, support, warranties, return policy.

FK-2001	$34
FK-8000	$36
FK-9000	$57

PRINTER

Primera Color Printer $769

CUSTOM SOFTWARE

PLOTFast..... $95

Cut plotting time in half with *PLOTfast*. *PLOTfast* will quickly optimize your AutoCad plot files and supports both HP and Houston Instruments formats.

RESULTS...

OPTIMIZE!
- Reduces "Pen-up" Movement by 50-60%.
- Slashes Plotting Time by 35-50%

VIEW!
- Examine Your Plot before and after optimization.
- Zoom and pan your plots for detail.

PLAN!
- *PLOTfast* estimates your plotting time.
- *PLOTfast* calculates the time you save.

SAVE!
- Save hours of time.
- Save plotter wear and tear.

Experience Immediate Productivity Gain! Attention PCB Designers

CADdxf..... $395
Reads a PADS-PCB & PADS2000 ASCII Database, extracts all graphic and structural data and produces a file in DXF format compatible with AutoCAD and other programs that accept DXF input. Allows a CAD design to be documented through detailed drawings.

CADfab..... $149
Reads a PADS-PCB & PADS2000 ASCII database, extracts the board outline and all drill data and produces a file containing the board outline, drill symbols and a custom hole chart in DXF format compatible with AutoCAD and other programs that accept DXF format. Allows a CAD design to be used to create a PCB fabrication drawing.

CADprobe..... $295
Reads a PADS-PCB, PADS2000 & PCAD ASCII database, extracts the coordinates for all the testable points and their attached signals and produces a file containing the data in a format which can be parsed for use with various test machines.

CADpick..... $395
Reads a PADS or PCAD ASCII database, displays all of the parts and manually or automatically assigns the necessary insertion points for the "pick and place" machines. The output can be easily customized for automatic placement and for other engineering tasks. Retrieves data from a CAD design in order to create a PCB Fabrication Drawing.

CADdxp..... $49
Provides the missing report that PADS left out. Reads your PADS Libraries and PADS.ASC files and generates a report listing all the parts that utilize each Part Decal. (PADS only lists the Decals used by each part).

CADfoto..... $49
This program is a utility which automatically creates an error-free set of photo plotting instruction for the photo house. It also allows the user to view the Gerber files one additional time before submitting them to the photo house for plotting.

ARRAY CAD SYSTEMS, INC.
1325 Pico St. Suite 105 • Corona, CA 91719
(909) 278-4723 • Fax (909) 278-1169

Apple® Macintosh® PowerBook™ 165 4/160

The Apple® PowerBook™ 165 sets a new standard for high-performance and affordable notebook computing. It gives you the convenience of all-in-one package and the powerful performance you needto take advantage of your applications. Featuring a 68030 microprocessor that runs at 33 megahertz, the PowerBook 165 is more powerful than many desktop computers. The PowerBook 165 supports up to 14 megabytes of RAM, so you can work with multiple applications simultaneously.

Apple® Macintosh® Color Classic® 4/80

The Apple® Macintosh® Color Classic® computer combines the performance and affordability of the Apple Macintosh Classic II with the ability to display up to 256 colors on its built-in Trinitron screen.

- 4MB of RAM, expandable to 10MB
- Built-in LocalTalk® connection
- AppleTalk® networking software
- Easy to transport
- A member of the Classic Macintosh product line

#1767430

$999

Apple® Macintosh® Quadra™ 605 4/80

The Apple® Macintosh® Quadra™ 605 personal computer, Apple's most affordable high-performance desktop system, is an ideal multipurpose personal computer for business and professional users. Like all Macintosh Quadra computers, it puts the highest levels of Macintosh performance and flexibility at your fingertips. Yet the Macintosh Quadra 605 brings the cost of high performance down to almost any budget, and its new, slimline design saves desk space. The Macintosh Quadra 605 uses the powerful 68LC040 processor, so you can scroll, search, and sort through your applications faster than ever before. You'll also appreciate the speed with which the Macintosh Quadra 605 redraws graphics, recalculates spreadsheets, and reformats large documents. It comes with 4 megabytes of RAM on board, expandable to 36, so you can work with multiple applications simultaneously
#1848964

Limited To Stock On hand!

$887

Apple® Macintosh® Quadra™ 610 8/160

Like all Apple® Macintosh® Quadra™ computers, the Macintosh Quadra 610 delivers the high performance you need to get the job done in a demanding environment. It offers the flexibility to meet your needs today, and the room to grow tomorrow. Based on the fast, 25-megahertz Motorola 68040 processor, the Macintosh Quadra 610 provides affordable high performance. It comes with 8 megabytes of RAM and an integral math coprocessor. In addition, you can expand memory to up to 68 megabytes when you want to add horsepower for sophisticated graphics and multimedia applications as well as mainstream business programs. The Macintosh Quadra 610 even provides high-speed Ethernet support on-board.#1848997

$1399

Apple® Macintosh® Quadra™ 650 8/230 CD

If you've been waiting for a high-performance computer that's easy to expand, welcome to the Apple Macintosh Quadra 650 computer. As one of our most powerful personal computers, the Macintosh Quadra 650 is a good choice if you need a computer that's built for speed, designed for flexibility, and capable of growing with you. Based on the fast, 33-megahertz Motorola 68040 processor, the Macintosh Quadra 650 provides affordable high performance. It comes with 8 megabytes of RAM and an integral math coprocessor. For increased performance, you can expand memory to up to 136 megabytes.
#1849024

$2648

Apple® 14" Color Trinitron Display

The new Apple® Macintosh® Color Display provides the high quality and practical ergonomic design you expect from Apple. Its color and gray-scale capabilities give you versatility for a variety of projects. And its enhanced electronics allow this 14" monitor to display full-color images with photographic quality. The display's low, stable center of gravity keeps it from being easily tipped over, and its built-in tilt-and-swivel base make adjustment easy.

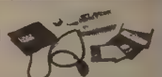
Includes 1600 Converter for appliances from 50 to 1600 watts and four international wall adapter plugs. Travel pouch included.
CA1600CS #66541

$18.99

Pulse-Metric DYNAPULSE™ 200M



The DYNAPULSE 200M is a non-invasive blood pressure waveform monitor that provices clinical grade systolic, diastolic, MAP and heart rate measurements through any IBM Compatible PC. A patented non-invasive arterial pressure waveform is also displayed so that other anomalies such as irregular heartbeats can be screened. The software will record and track measurement results for each patient. Results can be printed with most standard printers. The complete package includes hardware, software, cuff unit, cables and user's manual. (Computer not included)
200M #1755848

$99.99

Bondwell Beats 'Em!

Since 1975

Bondwell's strengths are derived from front line pioneering in high-tech electronics on worldwide basis. We have specialized in design and manufacturing of notebook and laptop computers for over a decade. Unlike those who just slap their name on the products, we have full control over the design, manufacturing, quality control of our products - that is why we can offer you a combination of price, performance and support that no other manufacturers can match.

SERVICE

Our engineers and technical experts offer full support for the products. Because we design and manufacture them, you can rely on us for the years you own the product. Our standard support package includes a No Risk 30-Days Money Back Guarantee, Life-Time Toll-Free Technical Support... all of this comes at a very competitive price that is truly affordable to you.

Quality Parts

Bondwell's notebook computers are built with heavy duty usage in mind. They are well-built in aluminum casing which offers excellent protection and durability that you would expect for everyday use. It is one of the most reliable, full-fledged notebook computer that one can find. To give your notebook a classic and elegant touch, we are offering a leather look, soft vinyl-covered casing as an option. Not only will it add class to your notebook computer, it also helps to prevent scratches!

SLIM

POWER

Ranging from the most powerful 486DX2-50 with docking unit to the basic 486SLC notebook computers, we have the widest range of powerful notebook computers that you can choose to suit your computing needs. Our 486-based notebook computers come standard with 2 or 4-Megabyte RAM, 80/120/200/300 Megabyte of hard drive capacity for your option. A combination of power and thoughtful features that will truly meet your expectation and satisfaction.

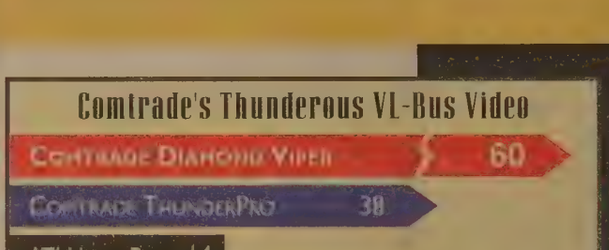
5 Stars Winner (Comtrade 486/66)

- ☆ PC Magazine Editors' Choice (December, 1993)
- ☆ Computer Shopper Top Ten Best Buy (July, 1993)
- ☆ PC World Best Buy (January, 1994)
- ☆ PC Sources Best Buy (February, 1993)
- ☆ Computer Buyer's Guide Best Buy (December, 1992)



WinMark 3.11 (Million pixels per second); Diamond Viper with new driver.

intel inside

Pentium Ready

In Windows-shattering competition, Comtrade's EISA VL-Bus machine stood head & shoulders above 191 others to win the coveted PC Magazine's Editors Choice award.

No Contest!
Comtrade processor outpaced all the other - Windows Sources, June 1993.

for best Windows Workstation, December 7, 1993. This is the fifth time in recent months that lightning has struck at the same place - Comtrade. This Comtrade EISA system also won Computer Shopper Best Buy, PC Sources Best Buy, PC World Best Buy and Computer Buyer's Guide & Handbook Best Buy. Call Comtrade and find out how you can have the lightning speed and quality of a Comtrade system.

The intel Inside Logo, Pentium, OverDrive are trademarks of Intel Corporation.

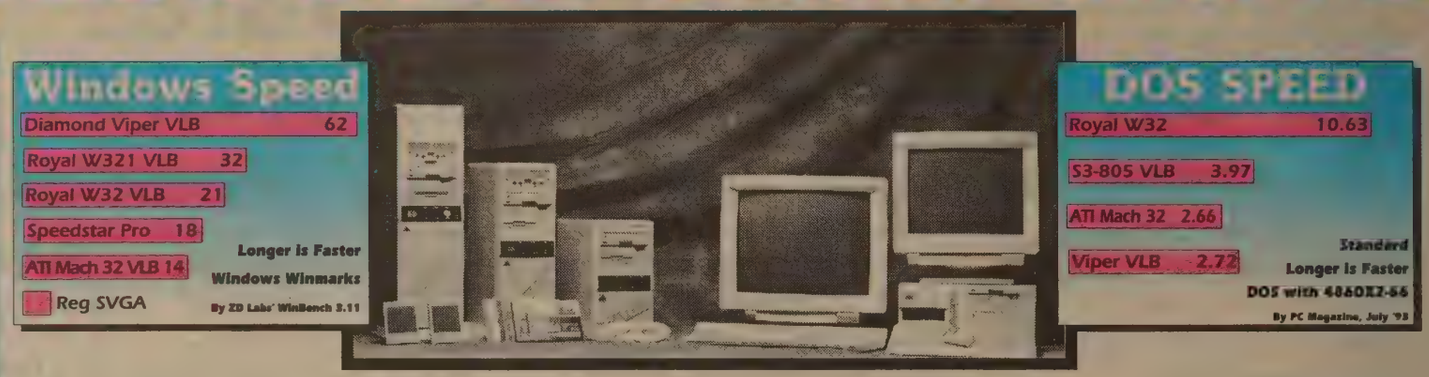
ROYAL RECORD BREAKING

Royal's Super VLB Quality Features:

- 32 Bit VESA Standard local bus main logic slots, with bus mastering
- New socket lets you upgrade to future Pentium compatible CPUs
- "No compromise" 32 Bit video and HD controller on the VL-Bus for maximum performance
- Genuine Intel CPU technology with fully licensed AMI BIOS for 100% IBM PC reliability
- Windows acceleration from 21 to 50 WinMarks in WinBench 3.11
- New 35% larger edge-to-edge, low radiation, flat screen monitors
- Voice Fax Modem is built in some Super VLB Systems
- 100% Satisfaction 30-Day Money Back Policy, 2 Year Parts & Lifetime Labor Warranty

Our Famous "Royal Seal of Quality" Means:

- Since 1986, Royal has built advanced PC's for leading corporations and demanding end-users — 1000's of satisfied customers such as the US Air Force and Navy, many State University and local schools and Fortune 500 companies prove Royal computers a solid investment!
- Royal maintains excellent relations with major manufacturers the world over to ensure you'll get the best prices on the last word in today's newest technology!



Our new Tseng Lab W32 based video accelerator offers the best combination of Windows and DOS performance for most users.
If you're one of the millions still using DOS, Royal's W32 will give you 300% faster performance. For 32 WinMarks, choose our new Royal W32i with 2MB interleaved memory. Royal, the best performance & quality available for less.

Royal now includes new double-spin CD's rated at 300kb/sec. And our 16-bit sound card includes super-rich DIGITAL SIGNAL PROCESSING and lets you produce studio-quality, 44.1KHz sampling recording.
Since this innovative product supports multiple modes simultaneously, the sound behaves as if both a Sound Blaster and a General Midi/Roland Mt-32 is at work.

Royal is proud to introduce the new generation of local bus architecture - PCI (Peripheral Component Interconnect).
Combine world-class performance with the Viper PCI graphics accelerator and the result is performance in Windows and DOS that literally leaves other VLB video accelerators in the dust! Also check out Royal's 90 WinMark system.

PROTON'S MULTI-MEDIA DISPLAY

PROTON, A FREQUENT AWARD WINNING MANUFACTURER OF AUDIO AND VIDEO EQUIPMENT, REDIFINES MULTI-MEDIA WITH AN AUDIO EQUIPPED HIGH PERFORMANCE PC MONITOR

AUDIO

Quality Sound & Wide Application System

- **Neat and easy installation**

Only one paired RCA cable is required to hook up the audio system.

- **Compatible to all audio sources**

The built-in audio system makes it possible for you to use any audio source, including CD player, tuner and tape deck. And a sound card, of course.

- **Quality self-powered stereo speaker system**

High performance amplifiers and speakers provide 2WPCx2 of distortion free audio. Built-in variable loudness control enhances your listening pleasure at all sound levels.

- **Private sound**

This Hi-Fi quality headphone circuit provides 100% privacy when headphone is plugged in the speakers are automaticallly defeated.

VIDEO

The Best picture and More of it

- **Higher refresh rate**

The refresh rate is up to 72Hz at 1024x768, and 60Hz at 1280x1024 for a true flicker free image.

- **Full screen**

In any mode, the display can be adjusted to full screen, ensuring that you see more than ever before.

CONTROLS

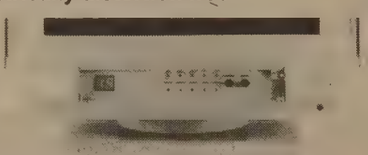
Sensible and easy to use

- **Digitalized Microprocessor**

Allowes 20 presets of mode memory -- 10 are factory settings, the balance are left for your programming. Positioning and size adjustment are set by the processor automatically as well as manually adjustable.

- **Geometrically distortion free**

PCC (Pin-Cushion-Control) provides you with adjustability, eliminating geometric distortion.



EROGONOMICS

To fit your life style

- **Light shade**

Reduces reflections from overhead lighting, making your view more comfortable.

- **Glass filter**

The tinted glass helps to increase contrast (depth of vision) with strong background (high brightness). This removable filter reduces eye fatigue.

- **Low radiation**

We have minimized the radiation generated by high voltage components, an important consideration if you are a heavy user.

- **Anti-static display (CRT)**

Reduces the static that attracts dust, meaning a cleaner display for you.

PCI LOCAL BUS

PCI... New Local Bus Technology for Graphic-Intensive Applications

Choose Anthurium's PCI System for faster transfer rates between the CPU and the peripheral Component Interconnect (PCI) Local Bus technology offers a wide 32-bit data path and 33 MHz clock speed for a maximum data transfer rate of 132 megabytes per second - a definite improvement over standard ISA buses' 5 Mb/sec. transfer rate! And because data is written to and read from the peripherals through linear bursts, you'll get double the throughput of buses without linear capabilities. PCI's architecture features a buffer design between the CPU and peripherals that amplifies the signal, allowing multiple high-speed peripherals to be attached to the same PCI Local Bus. Buffering also isolates the peripherals from the CPU, reducing noise and increasing reliability.

Publisher PCI Local Bus Systems
PCI Local Bus, SCSI II DX2/66..... $2995.00

Anthurium PCI Local Bus Board running at 486DX2-66 Processor

P24T Processor Socket ready (True P24T) 3 PCI Local Bus Slot
Intel Saturn 82420 PCI Chipset
8MB on Board Exp. to 128 MB Memories (32 BIT Simms)
PCI-SCSI II NCR 53C810 controller Ready (PCI Bus)
PCI -SCSI I/0 Processor for Storage at) Wait State
256K Cache on Board Exp. up to 512K Cache
(Either WriteBack or Through)

FREE Dr Halo III software
FREE Mouse pad & mouse pocket
FREE DOS 6.0 antivirus

PCI Local Bus at Intel P24T-60..... $3545 [Limited Availability]

Pentium-Ready Technology...

A Sketch of the Future Today

Your Anthurium System will have "Overdrive" capability with this 238-pin Zero Insertion Force (ZIF) socket. To upgrade the existing CPU, simply raise the lever, slide out the old CPU and slide in a new one. When you're ready for Intel's new Pentium-technology, the Anthurium's "ZIF" socket will be ready for you!

PCI: A New Foundation
Tim Albano
PC Magazine
June 29, 1993

PCI: A BUS WITH A FUTURE.

The Intel Architecture Lab was instrumental in establishing the industry's PCI Special Interest Group (SIG). The PCI SIG was responsible for defining and establishing the PCI specification as a standard. In fact, it has already defined a new specification to support 64-bit extensions and 3.3 volt systems.

IS THERE A PCI LOCAL BUS IN YOUR FUTURE?

Yes, especially if you're interested in maximum performance and functionality from today's demanding peripherals like full-motion video and graphics. And there certainly is if your outlook is long-term, since Intel and its partners designed PCI to also be the architecture for the next generation of technology. Users of i486 processor-based and Intel Pentium™ processor-based systems will be the real beneficiaries of PCI's greater bandwidths and clock speeds. So when buying your next system be sure to specify PCI local bus.

department, technical support, warranties.

Computer City - South Coast Plaza Village

Store manager: Greg Gummere
1661 Sunflower Ave.
Santa Ana, CA 92704
(714) 513-3300 Fax: (714) 513-3370
Operating Systems Supported: MS-DOS, Windows, Windows NT, OS/2
Top-Selling Brands in 1993: DOS, Windows, Macintosh
Special Value-Added Services: Technical service seven days per week, thirty-day price protection , extended warranties available, performance-based classroom training, installation/configuration services available.

Computer Max

Store manager: Lupe
2218 N. Main St.
Santa Ana, CA 92706
(714) 953-0233 Fax: (714) 953-0255
Areas of Specialty (and In-House Specialist): modems and fax modems (George Martinez, Ray Banda); custom-built systems (George Martinez, Ray Banda)
Operating Systems Supported: Windows
Top-Selling Brands in 1993: US Robotics, Calcom, Zoltrix
Special Value-Added Services: Offer expert technical support. Two-year limited warranty. Expert technical advice and consulting.

Computix

Store manager: Andy Huynh
3480 W. Warner, Ste. E
Santa Ana, CA 92704
(714) 540-5131 Fax: (714) 540-5139
Areas of Specialty (and In-House Specialist): computer upgrade (Derek Huynh); Novell networking (Derek Huynh); IBM compatibles (Derek Huynh)
Operating Systems Supported: MS-DOS, Windows, UNIX
Top-Selling Brands in 1993: Computix systems, memory expansion
Special Value-Added Services: Service, technical support, fifteen-day return policy, one-year warranty parts and labor.

Linnex Computers Inc.

Store manager: Charlie Lin
1701 E. Edinger Ave., #C3
Santa Ana, CA 92705
(714) 558-3399 Fax: (714) 558-3219
Areas of Specialty (and In-House Specialist): PC networking (Jack Yi); word processing/desktop publishing (Charlie Lin); LNX notebook/system
Operating Systems Supported: MS-DOS, UNIX, Novell Netware
Top-Selling Brands in 1993: Novell, Texas Instruments, Hewlett-Packard
Special Value-Added Services: Linnex provides cost-effective notebook and networking systems, also desktop PC computers. We service, support, and train. All defective items have warranty.

M-Tek Computer

Store manager: Kent Chen
2760 S. Harbor Blvd., Ste. H
Santa Ana, CA 92704
(714) 850-1044 Fax: (714) 850-0321
Areas of Specialty (and In-House Specialist): M-Tek business computers (Caisen Chen, Richard Huang); M-Tek personal computers (Caisen Chen, Richard Huang, Tony Tsou); networking (Caisen Chen, Richard Huang, Tony Tsou)
Operating Systems Supported: MS-DOS, Windows, OS/2
Top-Selling Brands in 1993: M-Tek systems, M-Tek cases, M-Tek notebook
Special Value-Added Services: Service, training, technical support, warranties, return policy.

Masters Software Company

Store manager: Timothy M. Hood
200 W. Santa Ana Blvd., #600
Santa Ana, CA 92701
(714) 479-0999 Fax: (714) 558-8419
Areas of Specialty (and In-House Specialist): legal (Timothy Hood); medical (Timothy Hood); education/student (Jennifer Anderton)
Operating Systems Supported: MS-DOS, Windows, SCO, Macintosh, OS/2
Top-Selling Brands in 1993: IBM, Apple, Wyse
Special Value-Added Services: On-site service, full manufacturers' warranty support, on-site training, extended warranty support, consultation, systems integration, software installation, hardware installation.

Micro City Computer Superstore

Store manager: Judy Li
1510 S. Lyon
Santa Ana, CA 92705
(714) 543-4922 Fax: (714) 543-6349
Areas of Specialty (and In-House Specialist): GST (staff); Hewlett-Packard (staff); Epson, Toshiba (staff)
Operating Systems Supported: MS-DOS, Windows, Windows NT, SCO, Macintosh, OS/2
Top-Selling Brands in 1993: GST, Hewlett-Packard, Toshiba
Special Value-Added Services: Service, training, support, warranties.

New Horizons Computer Learning Center

Store manager: Al Petinga
1231 E. Dyer, Ste. 140
Santa Ana, CA 92705
(714) 556-1220 Fax: (714) 556-4612
Areas of Specialty: WordPerfect; Lotus 1-2-3; Microsoft Excel
Operating Systems Supported: MS-DOS, Windows, UNIX, Macintosh, OS/2, Novell, LAN Manager
Top-Selling Brands in 1993: Novell, MS-DOS, Macintosh
Special Value-Added Services: Training and support.

New Technologies

Store manager: Sam Lau
630 S. Grand Ave., Ste. 101
Santa Ana, CA 92705
(714) 542-1800 Fax: (714) 542-1866
Areas of Specialty: Novell Gold dealer; multimedia; Windows
Operating Systems Supported: MS-DOS, Windows, Windows NT, SCO, OS/2
Top-Selling Brands in 1993: Hewlett-Packard, Compaq, Epson
Special Value-Added Services: On-site service, repair services, LAN, phone support, fourteen-day money-back guarantee.

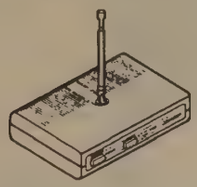
Wireless VCR Transmitter

Gemeni - Rabbit



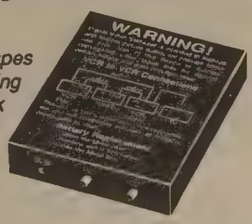
- Crystal Controlled
- Transmits in Stereo
- Maximum Range 120 feet
- Built-in A/B Switch
- FCC Approved
- Sets up in minutes
- No tools necessary
- Can also be used with:
  - Security Cameras
  - Cable Ready TV
  - Satellite Receivers
  - Laser Disc Players
  - Camcorders

#VA-5000 $39.00

Includes one transmitter and one receiver with cables

Copyguard Corrector

Enjoy videotapes without flashing light and dark



Macrovision methods often make it impossible to enjoy a clear, stable picture from prerecorded video cassettes. Picture roll, loss of tracking and flashing light and dark are the annoying side effects cured by the Copyguard Corrector. Connects easily between two VCR's, or your VCR and a video monitor, with its single video in and video out jacks. Nine volt battery included.

#VA-154 $39.00 each

2/ $37.50 4/ $36.00

BAR CODE IS OUR SPECIALTY

INPUT AUTOMATION, INC.

The single source for all your bar code system needs: hardware, software, consulting and system design. Our philosophy is based on two principles: high-quality industrial products, and the best technical support available.

DESIGN AND CONSULTING

To create your optimal solution, an Input Automation consultant will design a complete system, and then recommend equipment that fills your exact needs.

We will not be satisfied until our bar code system meets your demanding standards.

Los Angeles COMPUTER FAIR

Put your product in front of 50,000 computer consumers

The *Los Angeles Computer Fair* takes direct marketing to a new level by bringing manufacturers, resellers and more than 50,000 prospects together in one location.

Centered in one of the nation's largest computer retail markets, this unique, first-ever event combines the exhibits and educational programs of traditional trade shows with the high volume excitement of today's superstores. There hasn't been anything like it since the heyday of the West Coast Computer Faire.

Book your space today, before it's too late.

***For complete Exhibitor Kit, call:* (800) 800-5600**

Presented by National Productions, California's leading producer of computer retail shows for over ten years.

CO-SPONSORS: MicroTimes & Pasadena IBM Users Group (Steve Bass)

National Productions, Inc.
16175 Monterey Road, Ste. 4, Morgan Hill, CA 95037

Unsurpassed Tech Support, Service, and Assistance

DEVELOPMENT SYSTEMS is a small but aggressive company offering some of the finest IBM compatible computer systems on the market today. ***We Take Great Pride*** in our ability to provide unsurpassed technical support, service, and assistance to all our customers. ***Our Workmanship*** is flawless and it shows inside and out. The Excellent Reputation we have earned comes from taking the time to thoroughly research and test all of the components required to assemble a state of the art computer system. ***Keep In Mind*** when shopping for a computer, the market is flooded with inexpensive surplus and very questionable computers, and computer parts. *We absolutely refuse to buy or sell sub standard parts and components*. One of the advantages of being a small company is the personal one on one service we're able to offer, in return, most of our business is repeat or referral. ***Shop Around*** other places and see what they have to offer, then see us. We sell the best computers for the best prices, and take care of our customers better then anyone.

QEMM 7 finds room nobody else can.

Sooner or later, you'll get an "Out of Memory" message. Whether you have 1 megabyte or 16.

TSRs and network utilities need memory right where your programs need it, too. It's called 'lower' or 'conventional' memory.

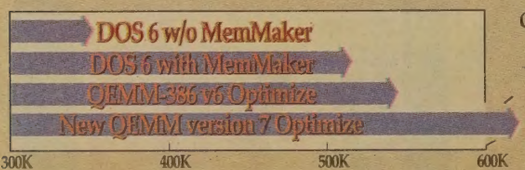
Adding RAM to your PC just gives you more expanded or extended memory — accessible to some programs, but not to TSRs like fax utilities, device drivers or network utilities like Novell NetWare. Fortunately, there's an easy software solution to 'out of memory' problems. NO VACANCY

Have Your Cake and Eat it, Too.

The more memory you have, the more flexibility and reliability you can enjoy. Thanks to our patent-pending 'stealth' technology, QEMM finds as much as 96K more high memory than other memory managers.

No one has yet been able to match our performance. No wonder QEMM outsells all the others *put together*!

QEMM™ puts the maximum memory right where your favorite programs need it so you can run them and TSRs without 'out of memory' problems or conflicts. That keeps your PC running smoothly and performance at its best.



We tested DOS with and without MemMaker and with QEMM 6 and our new QEMM 7 runs away from all of them. See details of test conditions below.

"I needed another 32K for my favorite TSR. I added 2 megabytes. I still need 32K! What gives?"

Protect Your Productivity; Keep Your Work Safe.

Any task, from programming to writing the company business plan to composing a personal letter, takes time and thought. Your PC is supposed to make that process easier; your output better. When you can't run your favorite grammar-checking TSR or have to get by without a vital network utility, you're sacrificing productivity.

Whether you're running MS-DOS, IBM™ PC-DOS, DR DOS, Novell DOS or MS Windows; one megabyte or eight, don't sacrifice; don't compromise; don't risk losing work.

QEMM comes with the new version of Manifest, the award-winning memory analyzer that helps you see how your PC works.

Managing your memory well is the best way to assure your work won't go to waste.

QEMM version 7 is the most powerful, flexible memory manager you can buy. It's the utility that finds memory when nothing else can. VACANCY

PC WORLD BEST BUY · THE PC/COMPUTING 200 BEST PC PRODUCTS FEATURE WINNER · WordPerfect Reader's Choice · PC WEEK ANALYST'S CHOICE · 1991 BYTE AWARDS OF EXCELLENCE · 1991 BYTE POURNELLE'S USER'S CHOICE AWARD · 1992 BYTE READERS' CHOICE AWARD · LOTUS · W 100 · PC MAGAZINE EDITORS' CHOICE · WORLD PRODUCT OF THE YEAR 1993

How we got the chart numbers: CPU—486/33 ALR Power/business VESA machine equipped with 16 megs of RAM and running MS-DOS 6. Comparisons were done using the following memory managers: QEMM 7, QEMM 6.02, MS-DOS 6 MemMaker. In addition to the driver (or drivers) required by each memory manager, the following drivers, DOS resources and programs were loaded for all comparisons: in the CONFIG.SYS file: SETVER.EXE, DOS=HIGH, FILES=20, BUFFERS=10, STACKS=0,0, MVSOUND.SYS, SND8K12.SYS, SLCD.SYS; DOS SHELL=statement, in the AUTOEXEC.BAT file: VSAFE, MSCDEX, UNDELETE, LSL.COM, ME2000.COM, IPXODI.COM, NETX OR EMSNET3, MOUSE.COM, SMARTDRV.COM, PRTSCCAP.COM.
